

# TURNBERRY PREMIERE

TURNBERRY  
PREMIERE

The role of IT has never been more essential in building a company's competitive advantage. Turnberry Premiere helps organizations that want to create a team of productive employees that can accomplish more every day! There can be no more siloed thinking. This is the new normal for IT.

Turnberry Premiere's unique model fuses strategy, SDLC and pre-qualified, highly-experienced people to deliver the transformational solutions that move your business forward. We are by your side, making sure that every initiative — large or small — delivers the innovation and performance you need with exceptional speed and quality.

## OUR FORMULA IS FOCUSED ON THREE AREAS CRITICAL TO SUCCESS.

### PEOPLE

We provide expert IT resources — expert consulting to identify your strategic business issues, fused with the hands-on team needed to drive results. Our flexible engagement model allows us to efficiently deliver expertise at any stage of your project lifecycle. *Crew* is Turnberry Premiere's junior consultant development program for future leaders in the first five years of their consulting career. We have deep expertise in junior talent recruiting, strong campus relationships, attractive brand reputation, and a honed selection process.

### INNOVATION

Our team is equipped with a portfolio of leading, innovative technology, such as big data, mobile, information security, and cloud computing. Research & Development keeps us one-step ahead of the fast-changing technology curve, allowing us to continuously provide solutions that represent the latest, proven standards.

### PERFORMANCE

We know it's all about driving exceptional value and results. Our superior project management approach ensures on time, on-budget delivery, for everything from targeted consulting initiatives to large, enterprise-scale deployments. We pride ourselves on our track record of high satisfaction ratings, which has earned us strong customer loyalty.
